

Director's Message

Since launching our monthly newsletter on the website last month to report on the progress of our various ministries, we aimed at maintaining an effective communication with the public. We found that there was an increase in page reviews, demonstrating the significant value of media outreach. First and foremost, the paramount concern remains on our relocation of the drug treatment and rehabilitation centre to Shek Pik Tung Wan in Lantau Island. Following over a year of intensive work by the consultancy firm, we are currently awaiting approval of the Technical Feasibility Study (TFS) Report. We hope the government approval could be secured by the end of this year.

One of the building designs at the Lantau site

Simultaneously, we must raise the initial payment of HK\$7,000,000 of which approximately HK\$5M still in arrear before the government would release the project fund. Therefore, we have an imminent need demanding support from the public to ensure commencement of the project in the first quarter of 2026.

RECENT ACTIVITIES

Beat Drugs Fund Project - Beat Drug Run

In October, our drug rehabilitees have started training for competition, of which some of them have been successfully entered in the 2026 Standard Chartered HK Marathon. Running not merely enhances our brothers' physical stamina. Through training sessions they can learn to be persistent and encounter adversities that facilitate their holistic development.

Rescue Team

Our brothers have been participating in community volunteer work. These duties provide with our brothers a sense of responsibility and advocate team spirit while wearing a uniform. They used to hide up because of their unfavorable upbringing. But now, they are guardians in our community. Furthermore, to enhance our rescue team's capabilities, our brothers took the Animal First Aid Course this month and all passed with flying colours! We shall equip with more skills in the future and get ready to offer helping hands.

Mid-Autumn Festival

We treasure and celebrate this seasonal occasion for unification. All our brothers were gathered to have a blissful BBQ night under the beautiful full moon! Despite our brothers could not celebrate with their families, we dedicatedly cultivate a harmonious family for them to enjoy and hope this heritage could be continued.
